ABOUT

Software Developer with hands-on experience building full-stack and AI-powered applications across 3+ real-world projects. Comfortable working across the stack, from designing APIs to shipping production-ready features, with a strong focus on clean code and scalable systems. Eager to contribute to a fast-paced engineering team while continuing to learn and grow.

SKILLS

Languages	Java, Python, JavaScript
Web Dev	HTML, CSS, React.js, Spring Boot, Node.js, REST APIs
Databases	MySQL, MongoDB, Redis
Gen AI	LangChain, Claude Code, Ollama, Google GenAI
DevOps	Docker, Git, GitHub Actions, CI/CD, AWS

EXPERIENCE

Full Stack Developer Intern	Nov 2025 - Jan 2026
SUVID Solutions	Coimbatore, TN

- Engineered JWT-based authentication for REST APIs, securing access for 40+ internal users with robust session management.
- Built and styled the internal dashboard frontend using HTML, CSS, and React.
- Optimized database queries, cutting retrieval latency by 25% and boosting system stability.

PROJECTS

Booking Hub (EroTurf) — Sports Facility Booking Platform

- Managed development of a multi-tenant booking system, scaling to 50+ daily facility bookings with real-time slot synchronization.
- Enforced Row-Level Security policies, reducing booking-confirmation latency by 45% through efficient PostgreSQL indexing.

Smart URL Shortener with Analytics

- Engineered a high-throughput URL-shortening service using Redis caching, maintaining a 75% cache-hit rate under load.
- Designed a custom base-62 encoding algorithm and automated CI/CD deployment with GitHub Actions.

Lumina AI — RAG Document Assistant

- Orchestrated a RAG pipeline using vector embeddings, enabling context-aware Q&A across a 50-document knowledge base.
- Leveraged the GroqCloud API with a Groq-hosted LLM for real-time answer generation, improving query response time by 30% compared to traditional API architectures.

ACHIEVEMENTS

- Graduated with Honors in B.E. Computer Science and Engineering, achieving a CGPA of 8.01/10.
- Led a 120+ participant hackathon as Platform Lead, Viksit Bharat Hackathon (2026).
- Earned Elite certification in NPTEL's Extended Reality course, an IIT-affiliated national program.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering (Honours)	2022 - 2026
Jansons Institute of Technology	CGPA: 8.01/10
